

Sponsor a Child

We believe that every child has a right to a loving home and a family, and we are able to provide children with this through the support of our sponsor a child scheme

How will your sponsorship improve a child's life?

By sponsoring an abandoned child, you will help to provide a safe, loving home, with access to proper medical care, a chance of an education, and most importantly, a family who will love and support them on their journey of emotional and psychological recovery. Through sponsoring a child, you will play an instrumental role in turning someone's life around for the better.

We will invite you to witness these extraordinary lasting changes as they happen through regular, involved communications.

Will I see how my sponsorship money is used?

Of course! You will receive an introductory information pack about your sponsored child, which will include a picture of your child and their life story so far. We will keep you regularly updated with pictures and information on your child's achievements, including progress made at school.

Will all my money go to the child I'm sponsoring?

We can guarantee that every penny of your donation will go directly towards the care and education of your child. Our administration charges are kept separate to ensure every contribution is spent where it is needed most – on the child.

How do I get started?

It's really easy - simply fill out the enclosed form, sign with your signature and send it back to our UK office. You will shortly receive your sponsor pack and then your relationship with your sponsored child can begin!

Do something amazing,
Sponsor a child and
change their life
forever
